POWERFEED+^{EM} 2-SIDE TECH

Double-Sided, 6-Edged, High Feed Mill!

Ultra high feed cutter for facing and deep cavities using a double sided insert with 6 cutting edges. The PowerFeed+ is another innovation that provides the highest level of productivity. The unique insert design is capable of high feed rates up to .157"/tooth under a maximum depth of cut of .078" and its powerful geometry endures high cutting forces when facing and deep cavity machining with high table feeds.
